ABA SERVICES

CLIENT-DIRECTED SERVICE

Not all ABA is the same. Our holistic, dignity-based ABA therapy uses ethically vetted, research-based strategies to equip children to positively self-advocate, navigate emotions and social interactions, and master daily living skills. The goals we pursue with each child are designed in direct collaboration with the family to ensure they match each family's priorities.

KELLY PHILLIPS

Director of
Behavior
Analysis

Kelly...

- Kelly is energized by seeing the personal growth of her clients. She enjoys the opportunities she has to collaborate with her colleagues to make meaningful growth happen. She feels ABA is an incredible tool to help an individual grow, learn, and succeed.
- Kelly began as a social worker and had a client with Autism - an experience that quickly steered her career path to the field of ABA. She has been in the field of ABA

since 2015 starting as an RBT, then a trainer, and now a Behavior Analyst. Her Master of Arts in Applied Behavior Analysis with a concentration in Autism Spectrum Disorder comes from Ball State, and she is Pyramid PECS Level 1 certified.

Olivia...

- Olivia is committed to making a difference in people's lives. She strives to be a role model for her clients and staff. She constantly explores new ways to support clients, their families, and their staff while making ABA a fun and enriching experience.
- Olivia began working at Partners in Autism as a behavior technician before rising to Clinical Director. She is currently working toward her Bachelor's in psychology from Purdue Global and plans to enter a master's program after completion.

OLIVIA DUNTUN

ABA Clinical
Director
